

Dear Uncle Stanley & Aunty Ros

I am requesting my mama, Jun to express my feeling towards both of you. It had been almost a year that I had been coming to "school" for training and playing with my mates. I found my joy and extent my interest with Ginny & Friends after being homely for 10 years. * _* (giggles). My mummy had finally felt secure of putting me in great care and concern from you. You had given me a warmly and comfortably environment to "stroll" around and a huge glass mirror to watch outside people starring at me. I will give them a "proud" look to attract and seek their attention so that they also could have the same feeling and enjoy this nice place with me.

Mama Jun had been proudly telling her friends my care and stay at your place whenever she meets up with them. Sometimes she will embarrass me of gossiping my playful acts towards my " boyfriend" after you had burn a DVD for her showing my mischievous & courage. ("shy"). Telling you secretly, she is copying the disc to some of her friends too.

Hopefully, mummy's friends doggies can share my happiness with Ginny's & Friends .

Thanks you Uncle Stanley and Aunty Ros
Love you much From Piyo (JR)
